

PRODUCT DATA SHEET

MPK-208BK LIGHT AND MOISTURE PROTECTIVE TONER CARTRIDGE BAGS

Miller Packaging's MPK-208BK Light and Moisture Protective Toner Cartridge Bags are an economical product ideally suited for toner and copier cartridges. Combining a tough moisture protective layer of Aluminized Polyester (PET) with a layer of strong, heat-sealable black polymer creates a superior light and moisture barrier with high puncture resistance. These bags are available flat or with various style closures, and with custom printing in small minimum order quantities.

Features

- Perfect for toner and copier cartridges.
- Economical light and moisture barrier.
- Superior > 13 lb. puncture resistance.

Electrical Properties

- Moisture Vapor Transmission Rate
- Puncture Resistance
- Thickness
- Tensile Strength
